The Human Resources Manager
Centenary Bank,
Ekistics House,
P.O. Box 31567
Lilongwe,

Dear Hiring Manager,

APPLICATION FOR THE POSITION OF IT CORE BANKING OFFICER

I am writing to apply for the IT Core Banking Officer position at Centenary Bank. With over three years of experience supporting core banking operations, ATM and debit card services, transaction troubleshooting, and system integrations at MFI HUB Company Limited, I am confident I can effectively support your Core Banking System and related applications.

In my current role as Assistant Technical Services Officer, I support SACCOs using a SaaS-based Core Banking System. My responsibilities include user training, debit card operations, ATM transaction troubleshooting, incident escalation, UAT coordination, and vendor liaison. While my current environment uses a different CBS, my transferable skills will allow me to quickly learn Flexcube, SWIFT, MITASS, and ChequePoint. I am also developing ITIL knowledge to align with your requirements.

I am eager to bring my technical skills, problem-solving abilities, and passion for banking technology to Centenary Bank's IT Department.

Please find my CV attached. Thank you for your consideration.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Dumisani Kaunga', written in a cursive style.

CURRICULUM VITAE

DUMISANI KAUNGA

Location: Blantyre, Malawi

Phone: +265 884 757 485

Email: dumisandkaunga@gmail.com

PROFESSIONAL PROFILE

Dedicated and technically skilled IT professional with over 3 years of experience supporting core banking operations, ATM and debit card services, banking system integrations, and technical support within a financial technology environment. Currently working as an Assistant Technical Services Officer at MFI HUB Company Limited, providing operational and technical support to SACCOs using a SaaS-based Core Banking System.

Experienced in troubleshooting banking transaction issues, coordinating with vendors and National Switch teams, supporting card services, user support, incident management, and system operations. Strong analytical, communication, and problem-solving skills with a passion for banking technology and enterprise systems support.

WORK EXPERIENCE

Assistant Technical Services Officer

MFI HUB Company Limited | June 2023 – Present

Key Responsibilities & Achievements:

- Provide technical support for Core Banking System operations for SACCO clients across over 100 branches.
- Support ATM and debit card operations including card mapping, transaction routing, and troubleshooting.

- Monitor and investigate transaction-related issues and system incidents, ensuring timely resolution.
 - Coordinate with vendors, National Switch, and banking partners for issue escalation and resolution.
 - Support system integrations and banking transaction processes.
 - Assist users with system-related challenges and provide technical guidance.
 - Escalate technical issues and follow up on incident resolution to meet SLAs.
 - Prepare technical reports and system issue documentation for audit and compliance purposes.
 - Provide operational support for financial service platforms and integrations.
 - Train over 30 branch operations staff on CBS troubleshooting and new features.
 - Lead UAT for new Core Banking System features and system integrations, ensuring quality before deployment.
 - Train newly onboarded clients on core banking system usage and best practices.
-
